

EAN 21st Annual Conference – Practical Information

Zagreb International Airport to Zagreb city and hotels

From airport to city

There are two ways of getting from Zagreb International airport to the city centre – by shuttle bus or taxi. The journey takes about 20-30min depending on traffic.

Taxi – the cost of a taxi ride into town is approx **220kn** (£26). The national currency of Croatia is the **KUNA**

Shuttle Bus

There is a regular shuttle bus right outside the airport terminal which will take you to the main bus station, where you can either walk or take a taxi from there to your hotel. At time of writing a single ticket costs **30kn** and can be bought from the bus driver.

From bus station to hotel

The shuttle bus ends its journey at the main bus station, where you can get a taxi from outside the station to your hotel.

If you don't have heavy luggage and would like to stretch your legs after a long flight, it is a 20-30 minutes' leisurely walk from the station to your hotel.
