

Journal of Developmental Education

Call for Manuscripts

The *Journal of Developmental Education*, the official Journal of the National Association for Developmental Education, invites the submission of original manuscripts for publication consideration. Manuscripts are accepted year round and considered on an ongoing basis.

The *Journal's* content focuses on basic skills education, developmental education activities, learning assistance, and counseling as they relate to at-risk students at the postsecondary level. Editorial emphasis is placed on manuscripts that relate theory to practice (i.e., teaching, learning, and student development) and studies that include evaluative results of implementation. Sample hot topics include: technology, P-16 initiatives (seamless education), and placement and assessment instruments. The *Journal* also publishes manuscripts that expand current knowledge or have a clearly demonstrated impact on the field.

Author's Guidelines are available upon request from the *Journal* or may be found at the National Center's Web site (www.ncde.appstate.edu). Typewritten, double-spaced manuscripts—original and four copies—not exceeding 25 pages in length and following the *APA Publication Manual* (Fifth Edition) style should be submitted for consideration. Publication decisions are made by the *JDE's* editorial board through a blind review process.
